# ABOUT US

## WHO WE ARE

**Total Sign Solutions** was established in 2015 by two brothers that wanted to take on the Signage industry. With past years of specialised work experience and the general knowledge of entrepreneurship and business management, we as two brothers thrive to build one of the most successful signage companies in SA. We wish to grow our company not only to provide high quality products and services, but to build a close relationship with each client, to maximise service excellence and provide them with the best advice to meet their signage needs.

At **Total Sign Solutions** we ensure that we offer our client a complete solution to all their designing, printing and signage needs. We design and fabricate all signage from start to finish, working close with our clients to gather detailed information that are best suited to each individual branding need.

## Vision

Our goal is to become one of the leading and most respected signage companies in the industry.

We strive to facilitate the growth of the company by creating a lasting sentiment of complete satisfaction to our clients and employees.

## Mission

We pride ourselves on creating a high quality, yet affordable business signage solution that will be delivered through service excellence.

# About Signage

Signage is the best, least expensive and probably the most effective method for businesses to advertise. Signs are around us all the time. The fact that we absorb them every single day is what makes them one of the most successful advertising mechanisms to date. A sign's main task is to attract new customers to a business and alert them to the companies existence. Signage increases brand exposure and differentiates you from other brands.

**Signs work all day, every day, 365 days a year.**

# Internal Signage

There is a wide range of interior sign systems that can create a stylish and professional look to your chosen area. Interior signage can create a good first impression on clients, visitors and staff.

We provide a wide of directional signage and safety signs for interior and exterior requirements.

## A few of our products:

- Wall Art And Wallpaper Vinyl
- Window Graphics
- Raised Laser Cut Letters
- Perspex Signs
- Hanging Sign System
- Directional Signage
- Floor Graphics
- Fabricated Illuminated Signage
- Roll Up/Hanging Banners
- Safety Signs

# External Signage

The most popular sign that creates your first impression, attracts your clients and makes your brand recognised from outdoors.

Our team will ensure to create your sign to your specific requirements to suite your need and stand out from your competition.

**We offer a wide range of custom built exterior signage, some of them are:**

- Aluminium/Steel Frame Sign Boards
- Fabricated Perspex Letters (3D Letters)
- Led Illuminated Signage
- Aluminium/Stainless Steel Laser Cut Lettering
- Shopfront Window Branding
- Pylon Signage
- PVC Tensioned Signs (Billboards)

# Vehicle Branding

One of the most cost effective form of advertising. A single vehicle that is properly branded can generate millions of views for potential clients to recognise your brand.

We can create a simple design that will cover key aspects and details of your company to full digital printed colorful wraps where all body parts of the vehicle is covered.

## We offer various types of vehicle that includes:

- Vehicle Decals
- Truck Fleet Branding
- Half Wraps
- Full Digital Printed Wraps
- Fleet/Delivery Vehicle Branding
- Back Window Contravision

**Apart from advertising, vehicle wrapping protects the original paint from everyday wear and tear, stone chips and scratches.**

# Digital Printing & Vinyl Graphics

Digital printing, one of the most common printing methods around. It allows for a detailed & quality print onto various surface materials such as, self adhesive vinyl, PVC, paper and canvas.

Any form of artwork can be printed on the selected material as design is processed by a computer and then printed directly onto the material. This allows for a faster turnaround time of producing the product.

- Vinyl Labels
- Outdoor Banners
- Vinyl Decals/Graphics
- Correx Boards
- Reversed Printed Clear Labels
- Posters
- Stencils

# Signage Refurbishing

Sign Maintenance and repair is often overlooked. As the first impression of a company's brand, it is important to make sure your company signage is eye catching and in working condition.

**Perhaps it is time to consider maintenance on your existing signage when:**

- Lighting is not working (dimmed or partially working)
- Faces starting to deteriorate
- Company details changed
- Signage structure might be weak, rusted or damaged

**A lack on maintenance on existing signage will lead to signage having to be redone completely.**
